DOG OF THE QUARTER

Congratulations to Elvis and Josie from Georgetown!

Every pet has its distinct personality and individual quirks which makes this so hard to choose! This quarter our featured pooches are two cheerful Cavoodles whose busy owners juggle work and study.

Owners Craig and Kylie called upon Sandy Paws when the boisterous pair started to go bonkers on days where it was difficult to fit in walks.

With Sandy Paws the pair now have an action packed hour every week including swimming at the beach, fetch in the park and cycling by the river!

They are always full of energy, a pleasure to take out and pose beautifully to have their photo taken!

"We have noticed a huge improvement in their behaviour on Wednesdays when we both have a long day away from home, thank you so very much!"
