Pet Care and Dog Walking

September '09 Quarterly Newsletter

WELCOME!

Many thanks to all of our lovely customers and for the fantastic support from local veterinary surgeries, pet shops, dog trainers and grooming parlours!

Special thanks to Hunter Animal Rescue for recommending Sandy Paws and having a link to us on their website!

NEWS

Come and visit our stall at:

Doggy Fun Day!
Empire Park by Bar Beach
Sunday September 20th
www.doggyfunday.com

This promises to be a fun-filled day of competitions, husky rides, doggy dress-up, daschund soccer and more!

Hope to see you there!

SANDY PAWS TOP 3 WALK LOCATIONS

Voted by the dogs based on the scientific method of the "waginess of tails" as we pull into the location:

Booragul Reserve

Just by Lake Macquarie, this is a haven for all dogs with the water, big grassy field, bushland and long grass on the hill to bound through!

Islington Dog Park

For a complete physical and mental workout the doggy playground jumps, hoops, ramp and weaving poles are fantastic!

Horseshoe Beach

For the social butterfly! The beach is much less crowded in the week and the dogs love to explore in rockpools and dig holes as well as swimming and running!

DOGS OF THE QUARTER

Congratulations to Finn and Loki from Wallsend!

These fun-loving Wheaten and Irish Terriers can't wait for their weekly Group Walks and bike rides!

They always welcome me with squeals of excitement with their wiggly noses pushed under the gate as soon as they hear the Dogmobile pull up.

With Sandy Paws the two speed demons get an energy draining hour of running, sniffing, exploring, racing and swimming with their new four-legged friends!

"Our boys love their Sandy Paws run each week. Vicky has turned our boisterous buffoons into happy healthy gentlemen. Thanks Sandy Paws!"

GROUP WALKS

Is your fun-loving sociable dog lonely and bored during the week while you are busy at work? You might like to treat them to an action packed Group Walk!

Sandy Paws picks up your friendly dogs and drops them home tired and happy after playing with new friends.

All dogs are introduced carefully and matched up with others that we think they will enjoy playing with!

No more fretting or destroying your back yard, instead you come home to a happy relaxed dog ready for a cuddle, dinner and bedtime.

You will also get regular photos so you can see what adventures they have had! Everyone's a winner!
